LoanLIST Now Available

LoanLIST has been updated with current loan data inclusive of activity through 10/8/2021. Secondary market participants may access the data by logging into LoanLIST, entering applicable SBA loan numbers, and clicking on the Investor or Originator Fee Holder views. LoanLIST will be updated on a regular basis with new prepayment and settlement information.

There are two known issues impacting select loans displaying on LoanLIST:

1. Loans that did not make an August payment currently do not show interest from and interest to dates.
2. Originators are not showing fees in the Originator Fee column.

For general questions, please contact the FTA Customer Service Team at FTA@sba.gov or via the toll-free hotline at (877) 470-0722.
