September Pooling Update

Starting today, the FTA has begun to reach out to Pool Assemblers to work with them individually on a manual pooling process for September. Each pool assembler should plan to designate a single POC to work with the FTA for September pool formation, pool settlement and trading factor report. Dharyl Russell (dharyl.russell@sba.gov) and Rose (Parbatie) Haffiz (parbatie.haffiz@sba.gov) are the points of contact for the FTA.
