

FTA Access Matrix

Application Access Based on User Role in CAFS

- The **Financial Reporting** role is exclusively for use by media organizations (e.g., Bloomberg, WSJ)
- Access requests for roles not applicable to your institution's Location ID will be rejected
- Users can select more than role as applicable, however **Lender/Originator** access can not be co-mingled with **Secondary Market** access
- For step-by-step instructions on how to request these user roles, see the [CAFS Account Setup Deck](#)
